

PRAGATHESWARAN A

Full Stack Developer · Frontend & Backend Engineer

Thirupathur, Tamil Nadu · +91-9025264473 · waranpragathes62@gmail.com

[linkedin.com/in/Pragatheswaran-A](#) · [github.com/PragatheswaranA-2330](#)

PROFESSIONAL SUMMARY

Innovative Full Stack Developer with hands-on expertise building production-grade web applications end-to-end — from responsive React/TypeScript frontends to RESTful Node.js/Express backends with MongoDB and PostgreSQL. Proficient in the complete development lifecycle: architecture design, JWT authentication, CRUD APIs, WebSocket real-time features, Docker containerisation, CI/CD pipelines, and cloud deployment (Vercel, Railway). Committed to delivering real-time data visualisation, automated testing (Jest, Playwright), and WCAG-compliant UX.

TECHNICAL SKILLS

Frontend	React.js · TypeScript · JavaScript (ES6+) · HTML5 · CSS3 · Angular · Tailwind CSS · Material-UI · Bootstrap
Backend & APIs	Node.js · Express.js · REST APIs · WebSocket (Socket.io) · JWT Auth · bcrypt · Zod/Joi Validation
Databases	MongoDB (Mongoose) · PostgreSQL (Prisma) · MySQL · Redis (caching) · Database Design & Indexing
Testing	Jest · React Testing Library · Playwright (E2E) · Supertest · Artillery (load testing)
DevOps & Tools	Docker · Docker Compose · GitHub Actions (CI/CD) · Jenkins · Vercel · Railway · Git / GitHub
Architecture	MVC / Controller-Service-Model · RBAC · Agile · Component-Driven UI · Code Review · WCAG 2.1

KEY PROJECTS

- My Portfolio Website | Full Stack Developer

2024

<https://github.com/PragatheswaranA-2330/myportfolio>

 - Designed and developed a fully responsive personal portfolio website using React.js and Tailwind CSS to showcase projects, skills, and professional profile.
 - Implemented smooth scroll animations, dynamic project cards, and interactive UI components for an engaging user experience across all devices.
 - Deployed on Vercel with CI/CD integration via GitHub Actions for seamless continuous deployment on every push to the main branch.
 - Ensured WCAG 2.1 accessibility compliance with semantic HTML, ARIA attributes, and keyboard navigation throughout the site.
- Zomato Clone – Food Delivery Web App | Full Stack Developer

2024

<https://github.com/PragatheswaranA-2330/ZOMATO-CLONE>

 - Built a full-stack Zomato-inspired food delivery platform with React.js frontend and Node.js/Express backend, featuring restaurant listings, menu browsing, and cart management.
 - Integrated JWT authentication for secure user sign-up/login with bcrypt password hashing and protected API routes for order management.
 - Implemented MongoDB with Mongoose for restaurant, menu, and order data modelling; designed efficient schemas with indexed queries for fast data retrieval.
 - Developed RESTful API endpoints for CRUD operations, cart management, and order placement with real-time status updates via Socket.io.
 - Styled with responsive UI components using CSS3 and Material-UI, closely replicating Zomato's design language with a mobile-first layout.
- Active Open Source Contributor | GitHub

2023 – Present

 - Contributed to multiple open-source projects; proficient in Git version control, pull requests, code reviews, and collaborative development workflows.
 - Applied full-stack best practices including TypeScript interfaces, ESLint/Prettier config, and Husky pre-commit hooks across contributed repositories.

NSS Volunteer & Community Service Leader | National Service Scheme2024 – 2026

- Organised and led social awareness campaigns; demonstrated project management, teamwork, and leadership capabilities across cross-functional teams.

EDUCATION

B.E. Mechatronics Engineering | Kongu Engineering College (Autonomous)2023 – 2027CGPA: 7.86 · Relevant coursework: Web Development, Software Engineering, System Design

XII Standard | Lingannamani Matriculation Higher Secondary School2022 – 2023Score: 87.33%

CERTIFICATIONS & ACHIEVEMENTS

- Prompt Engineering – Neural Gen-AI — Oct 2025 — AI integration & modern full-stack development practices Networks
- NPTEL Elite Certificate – OOP — Apr 2025, IIT Roorkee — Strong foundation in software engineering principles Fundamentals
- NPTEL – Database Management — Sep 2025, IIT Kharagpur System
- Autodesk Certified User – AutoCAD — May 2025 — Advanced design and technical drawing capabilities
- CSWA – SolidWorks Associate — Sep 2025 — 3D modelling and product design expertise

CORE COMPETENCIES

Full-Stack Architecture	REST API Design & Versioning	JWT Auth & RBAC
Real-Time WebSocket Systems	CI/CD & Docker Containerisation	WCAG Accessibility & Security
